

Emerging Science, Technology & Innovation Conclave (ESTIC) 2025

3–5 November 2025 | New Delhi, India | Industry Participation

LTSCCT participated in the **Emerging Science, Technology & Innovation Conclave (ESTIC) 2025**, a premier national forum that brought together leading scientists, technologists, policymakers, industry experts, Nobel Laureates, and Fields Medal winners to discuss the future of deep-tech innovation and scientific advancement. The conclave was inaugurated by the Hon'ble Prime Minister of India and featured the launch of the **₹1 lakh crore Research, Development and Innovation (RDI) Scheme Fund**, aimed at strengthening India's innovation ecosystem.

The event served as a platform for shaping the nation's science and technology agenda, fostering collaboration between industry, academia, and government, and accelerating the development of next-generation technologies.
